Two days, twelve classes, three outstanding teachers. The topics are presented as a continuum building & expanding over both days providing opportunities to feed your mind on the Bible & refresh your soul. Friday night dinner & panel discussion is something you won't want to miss.

Dave's Topic:

We never quite know when trials & tragedies will

knock on the door of our lives but they will knock. God does not shield His children from trials. A lot of it doesn't make much sense. But that is when God does His best work. James is a letter written precisely to encourage God's children when the fog rolls in. It offers some of the answers as to why bad things happen to good people.

Dr David Anderson: *Ph.D., Th.M*
Graduated from Rice University, Th.M & Ph.D from Dallas Theological Seminary. Church Planter. Served as Adjunct Professor for Dallas Theological Seminary in Greek NT, Systematic Theology, & Bible Exposition. Currently President & Professor of Biblical Languages & Systematic Theology at Grace School of Theology.

Greg's Topic:

The first five books of the Bible serve as a foundation for

the rest of Scripture. If you're unsure, unclear or misled about them, it will undermine your faith. Come & get a solid overview of Genesis through Deuteronomy and shore up your biblical foundations.

Greg Burgess: *Th.M, Bible Teacher, Lecturer, Church Planter & Current Lead Pastor at The Orchard Church, Te Puke. He is a graduate of Dallas Theological Seminary.*

Geoff's Topic:

"Conversations in Matthew".

These two live

sessions are the first in an extended video series that will be available for your use. Geoff will be interviewed on selected sections from the Gospel of Matthew. Join us as we delve into this amazing Gospel & unveil Matthew's magnificent portrait of the Jesus. Be prepared to be excited & be thrilled all over again with the one we call Saviour.

Geoff Smith: *Church Planter, Pastor, Teacher, Lecturer & currently Researcher & Writer for Long Story Short. He is a graduate of Dallas Theological Seminary.*
